

FOOTBALL TABLE CATALOGUE

DESROCH
LIGHT AND LIVING

A futuristic and stylish transparent foosball table, its unique design seamlessly blends modern artistry with cutting-edge technology. The overall construction is exquisitely crafted, featuring a smooth surface and meticulously finished edges that showcase exceptional craftsmanship. The transparent tabletop and legs not only reveal the intricate mechanical structure within but also lend the entire foosball table a light and ethereal appearance.

*The above data is manually measured. There may be a 1-2cm tolerance between the actual size and the labeled size, which is within the normal production range

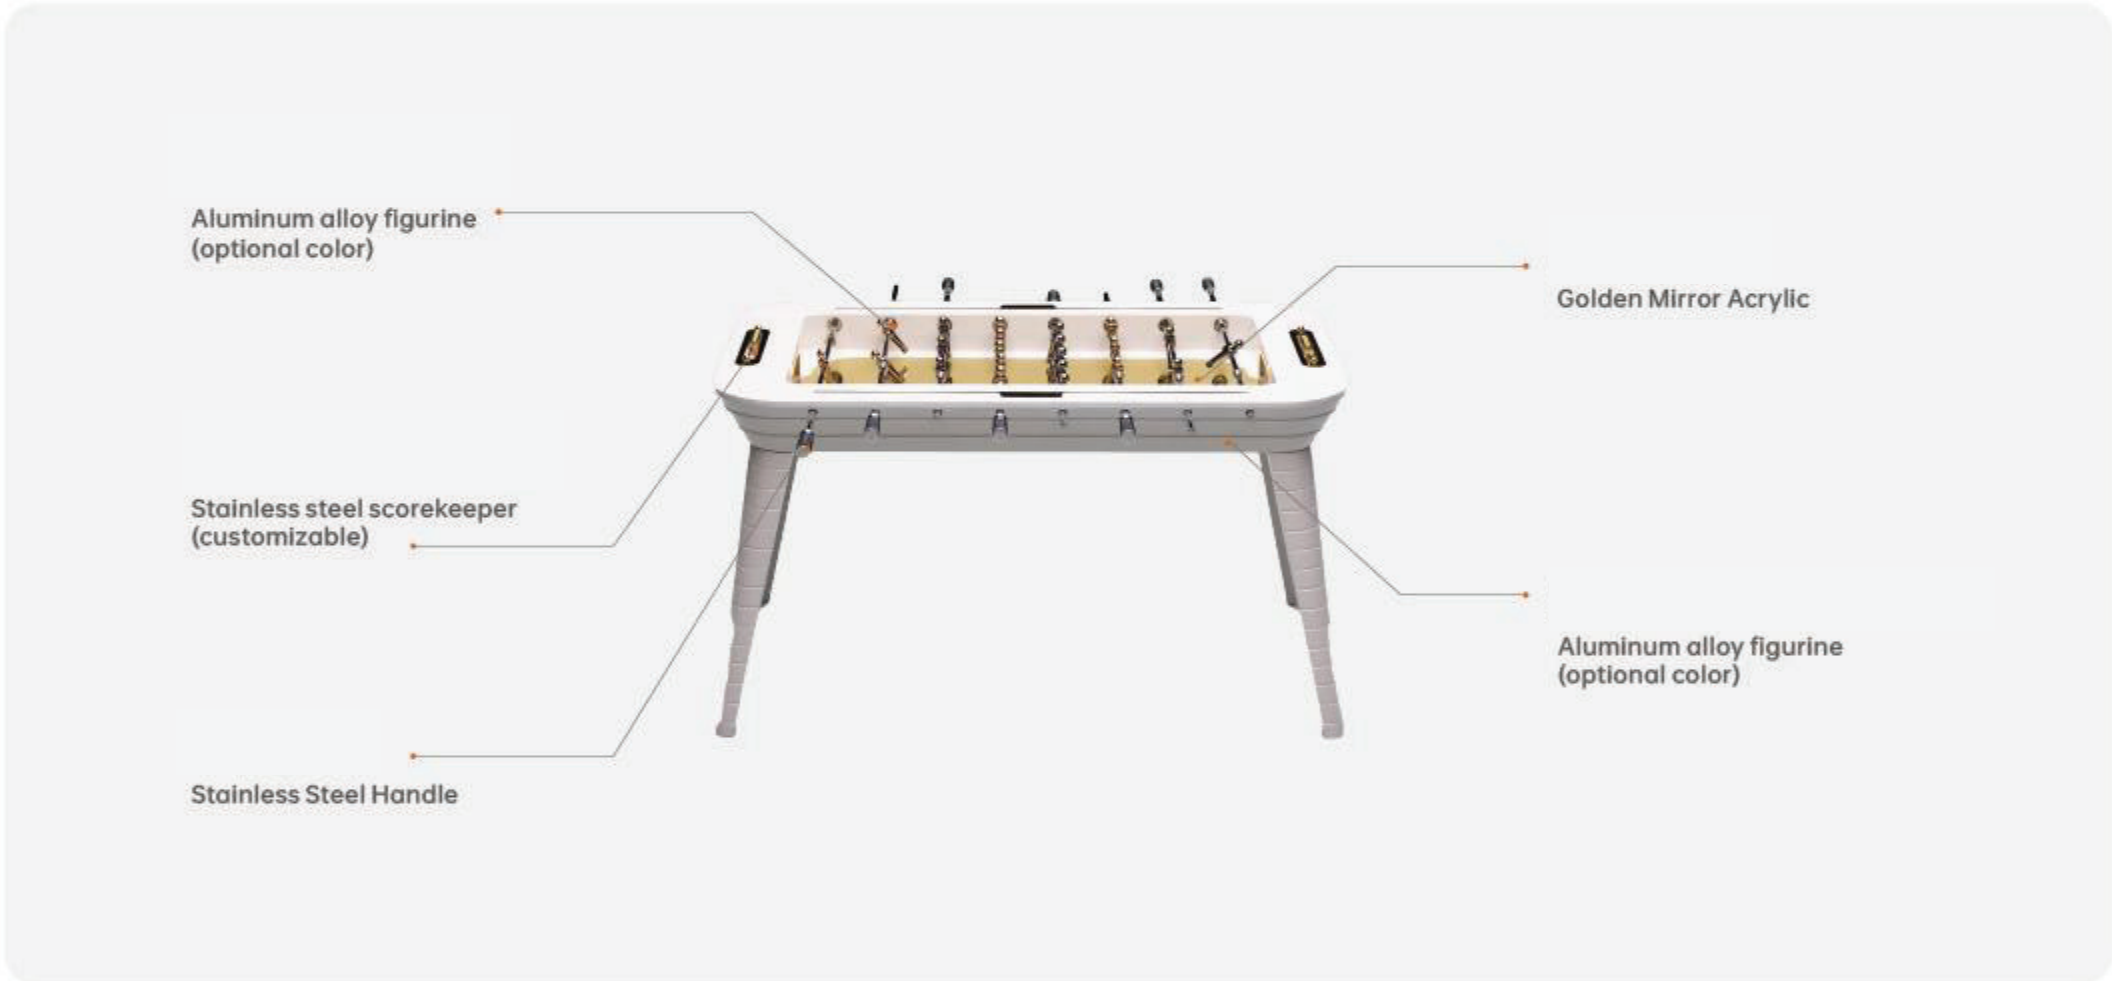

*Please refer to the actual product for details. It is normal for stone, wooden, and leather products to exhibit different natural textures and color variations

Its modern design and fun appeal have earned widespread acclaim. The stadium soccer table features a self-lubricating rod system, ensuring flawless operation. The playing surface is crafted from highly durable back-painted tempered glass, while the game balls are made of cork, allowing for professional-level play without damaging the table.
